Greetings!

I am sure you have noticed that a number of WAIB activities are partnered with Emerald Journals.

Emerald has graciously created the "Emerging Scholar Award in Women's Entrepreneurship" that will be awarded at AIB Annual meetings beginning with our 2009 Meeting in San Diego. The award includes an invitation to publish the paper in the International Journal of Gender and Entrepreneurship. I would like

to personally thank Rob Edwards of Emerald Publishing, and Collette Henry, Editor of the International Journal of Gender and Entrepreneurship for the creation of this award.

Emerald Publishing has also agreed to support the "IIB/WAIB best paper award for increasing gender awareness in international business research" by inviting the winning authors to publish their paper in

Gender and Management. Once again I would like to thank Rob Edwards for supporting WAIB.

You will see additional activities as the partnership continues to develop. Including cross promotional activities.

So Welcome to WAIB , Emerald Publishing and we hope the partnership will continue to grow.

Susan

WAIB President

WAIB on LinkedIn

WAIB has launched a WAIB "Linked-in" group on the "Linked-in" network to facilitate networking between members.

As of February 23 we have 197 members on LinkedIn.

Some of you already have profiles on "Linked-in", but for those of you who do not, it is a networking website similar to "face book" in that indi-

viduals have profiles, but is only used for your professional career networking. So, your profile is your education, experience.

Would you like to create a profile on "linked in" and join the WAIB group?

There is no fee. The level of services we use have no cost.

To join,

log on to www.linkedin.com, create your personal profile and then request to join the WAIB group,

OR send an email message to Susan Gupta at sgupta@monmouth.edu requesting an invitation to join the WAIB networking group on LinkedIn and you will be sent an invitation that will allow you to join by clicking on a link.
